C.S.A.

Community Supported Agriculture

Get Fresh Vegetables all Season While Providing Meaningful Work For Individuals with Disabilities!

How it works: When you purchase a CSA, you purchase a share in our crop for the 2019 growing season. Every week you will receive a box filled with the vegetables that our employees are growing as well as a list of the vegetables included and recipe ideas. We will be at the location that you choose, excited to share what our garden has grown with you!

Our season will begin toward the later part of June and finish in September, with a minimum of 12-14 weeks.
